what we do

We create gifts for people with great taste. Combining our love of gift giving with our *obsession* with British food. We carefully pack tried and tested, quality British products to make gifts memorable.

We're passionate about people. We provide a personalised service making for a seamless gifting experience.

We make conscious choices. When it comes to the contents of our gifts, we stick to what we know best, British. We can impact real people through considered gifting, supporting craftsmanship and creativity in our local communities.

In short, we're on a mission to make hampers cool again.

Process

1

Make your initial enquiry.

Tell us as much information as you can. You can include everything from details of your project, budget, delivery date and number of units.

2

A member of the team will get back to you, we will discuss your project further to get a complete understanding of what it is you're looking for.

3

Let's discuss personalisation. We can work with you to perfect your custom branding to truly make an impact from branded packaging to lifestyle products.

Personalisation can be so much more than a pen or bottle!

4

We create a variety of visual PDF proposals for your approval. This gives you a chance to see the products we think would work well. We then send out a sample gift for you to experience the products selected.

5

All details are now finalised, sample is approved.

50% payment is required to secure your desired delivery date. Remaining 50% is paid pre-delivery of goods.

6

We create, carefully pack and distribute your gifts via our trusted courier, whether that be to multiple home addresses, across the world or a bulk drop off at your head offices.

STRESS FREE!

TRADITIONAL WICKER HAMPER

Meet our producers

Single Variety

Sourcing as many ingredients from local farmers, Nicola at Single Variety is on a mission to create delicious small batch jams with all natural ingredients.

The Single Variety team prep, cook, jar, lid, box and dispatch every jar they make from their base in Bristol.

Island Bakery have to be our favourite shortbreads! Locally sourced and fully traceable ingredients get a thumbs up from us. All Biscuits are baked on the Isle of Mull in ovens heated by renewable timber.

Island Bakery

Two Farmers

Two Farmers is a delicious hand-cooked crisp brand celebrating the true flavours of Herefordshire and protecting the countryside with a 100% compostable, plastic-free crisp packet.

All potatoes are grown and cooked on site with flavours sourced as locally to the farm where possible, to ensure a low mileage product.

Packaging

WICKER

Make a statement with a wicker basket, it is our namesake after all.

A wicker provides the ultimate unboxing experience, a chance to truly showcase your brand. Available in a range of colours and styles, you're bound to find your perfect match. The beauty of a wicker basket is that they can be reused and repurposed, which we encourage.

We recommend a budget of around £100 per gift to get the true experience of a wicker basket. Though we are more than happy to discuss plans with a smaller budget.

CANVAS

Tote canvas bags are a great way to keep the costs down whilst offering a branded product that won't go to waste. A widely used product across households, re-usable and planet friendly.

Our eco-friendly recycled canvas and cotton bags work great as a bulk bought gift to hand out on site, cutting down on delivery costs we can deliver to you in bulk - perfect for onboarding and events too!

E-COMMERCE

The most cost effective and eco-friendly packaging option.

Our recyclable, bio-degradable boxes are sleek and budget friendly, allowing you to get the most out of your gifts. Our most popular option, and for good reason. They provide all the impact with less cost; we offer a company branded outer sticker which adds to the opening experience. But without question the biggest appeal of our e-commerce box is that your budget goes directly on the products (the good stuff).

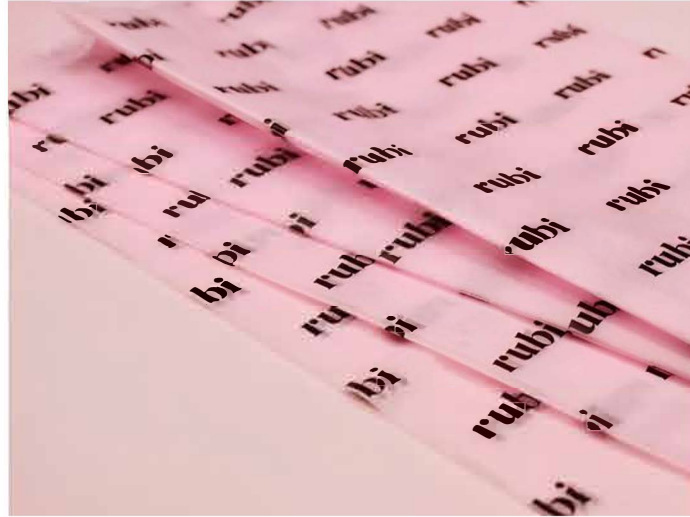

GIFT BOX

A modern approach to gifting, a sleek gift box.

We think they're the perfect vessel for a high impact gift - perhaps a British wine and artisan chocolate truffles. A popular choice for client gifting where you want to product to do the talking, pair with branded gift cards, custom coloured shred and tissue paper.

Custom branding

Testimonials

"These hampers are a true delight..they are chokka full of delicious and unique products from British suppliers. But what sets this team apart is their customer service. They're great communicators, brilliant at offering suggestions and you get to speak to a real person who knows all about their products, which nowadays is so rare! I would highly recommend them for corporate gifting! "

SOPHIE TAYLOR, TAYLOR MADE STUDIO

"We love supporting small businesses and this one is wonderful. You can tell each item has been carefully selected. If you are looking to purchase something special look no further!"

CORINNE AMOS, CVT LOOSE LONDON

"The team were incredible when organising our 250 hampers for Christmas 2021! They worked to our tight budget and produced fantastic quality gift boxes to suit all of our team across our North East sites. Opting for their bespoke service we were able to select our own branding that they created on our behalf and tweak the final products inside. We had nothing but glowing reviews from everyone and will 100% be back. Thanks to Jess and Sarah for a totally stress free process! "
